DRUGGED DRIVING STATE PSA

30 Sec Script:

DIRECTOR: I'm Gil Kerlikowske, Director of National Drug Control Policy.

We are all-too familiar with the terrible consequences of drunk driving. Now, my office is teaming up with the state of Maryland to highlight another important public safety issue...drugged driving.

AG Gansler: I'm Maryland Attorney General Doug Gansler. Drugged driving is an important issue. In Maryland, too many people are driving under the influence of drugs.

DIRECTOR: Drugs – including marijuana and some prescription drugs - can impair perception, judgment, and motor skills.

AG Gansler: If you're getting behind the wheel this weekend, make sure that you are driving responsibly. Let's work together to keep our roads safe.
